| Project name | Hamilton Northshore Land Development Probity and Procurement Services |
| Client | Economic Development Queensland (EDQ), Department of Infrastructure, Local Government and Planning |
| Description of Services | EDQ required probity advisory service for a major development of 2ha of riverfront land in the Brisbane suburb of Hamilton. This was a multi-phased tender process incorporating early works design engagements, site visits and comprehensive project development workshops. |
| Role of RESOURCE2SOURCE | <p>RESOURCE2SOURCE was appointed the Probity Advisor throughout the development. The multi-phased tender process incorporated early works design engagements, site visits and comprehensive project development workshops. Through liaising with relevant stakeholders to identify specific requirements, RESOURCE2SOURCE adopted a customised approach which involved undertaking the following activities:</p> <ul style="list-style-type: none">• Developing a Project Probity Plan• Reviewing and providing feedback on Expression of Interests (EOI) and Request for Proposal (RFP) documentation• Administering a probity briefing to the Evaluation Panel and the associated project/ support team• Providing ad-hoc probity advice• Attending evaluation meetings and tender presentations/ meetings to confirm adherence to the evaluation plan and final selection process• Attending de-briefs for unsuccessful respondents• Reviewing the final Evaluation Report and developing and providing a final Probity Report |
| Period of involvement | 2014 – 2016 |
| Outcome | <p>RESOURCE2SOURCE provided proactive support throughout the project, delivering all key document deliverables on time and to a high standard. Being a local company, RESOURCE2SOURCE was able to respond to ad-hoc meeting requirements from the Department at short notice which was necessary for the timeframes of the project.</p> <p>EDQ was satisfied with the quality of services provided and has since reengaged RESOURCE2SOURCE for services on other development projects.</p> |
